

**DON-USFWS Guam Military Relocation Section 7 ESA Consultation Meeting**

**Location:** At FWS Office, Honolulu, HI, 22-23 June 2017

**Attendees:**

DON (b) (6) by phone,  
as needed;  
USFWS (b) (6)  
(Counsel) by phone, as needed

**Thursday, 22 June:**

0830-0900 Welcome

0900-1000 Incidental Take Statement – Discussion on revised ITS and the approach to take  
(counsel participation by phone – (b) (6))

1000-1100 Discussion of Impact Analysis

- a. Consideration of beneficial impacts of CMs – discuss why some were considered for species and some were not (e.g. fencing at LFTRC and ungulate removal was not recognized as beneficial to butterfly)
- b. Consideration of additional information for some species to further support conclusions

1100-1115 Break

1115-1200 Mariana fruit bat - full treatment in the amendment vs. only new information

1200-1315 Lunch

1315- 1445 Conservation Measures – Objective: To ensure consistency with 2015 BO and eliminate any confusion for implementation of both the 2015 BO and the 2017 amendment

- a. Re-stating CM's from 2015 and eliminating any inconsistencies from 2015
- b. Refinement of CM's for 2017
- c. Purpose of CM's – connection between the CM's and benefits to the species.

1445-1500 Break

1500-1630 Biological Opinion (BO) Comments

- a. Reasonable and prudent measures
- b. Terms and Conditions - refinement to only address animal species and address any concerns with feasibility as currently written
  - 1. Including T&C's from 2015

2. T&C #1 – Revise as per discussion from August 2016 and January 2017 meetings
3. T&C #4 from 2015 BO – 2017 BO should include resolution
4. T&C's for plants – Remove T&Cs for plants as they are not included in the ITS
5. Reporting – Discuss feasibility of reporting requirements as included in the draft BO

1630-1700      Discuss future coordination/conference calls prior to final BO

**Friday, 23 June:**

0830-1130      Follow-up discussion on items from previous day  
Parking lot issues
